Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a larynx, no good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

DEFENSE COUNCIL LIFTS XMAS BAN

The ban upon Christmas shopping has been lifted by the Council of National Defense.

Restrictions upon the sale of Christmas goods agreed upon by representatives of manufacturers and the retail trade with the council are entirely removed.

Since the time of the armistice's signing there has been considerable pressure upon the council to do away with the restrictions upon Christmas shopping.

The result is expected to stimulate holiday trade.

While the restrictions were not laid by the War Industries Board, but simply the result of agreement between the manufacturers, dealers and the council, they were very generally observed and few were disposed to violate the agreement.

The agreement covered especially the employment of extra labor and the conservation of transportation and material delivery as well as curtailing expenditures.

The council, in announcing its decision, said that it believed the step would be in the direction of re-establishing normal after-the-war conditions.

To URGE RETIREMENT PLAN.

To urge the immediate passage by the Senate of the civil service retirement bill, members of the joint conference committee of the National Federation of Federal Employees will meet tonight.

CARDINAL GIBBONS AT DEDICATION

Cardinal Gibbons presided at the dedication of the new Knights of Columbus hut at the Walter Reed Hospital yesterday and delivered an address in high praise of the work done by the order and kindred organizations in caring for sick and wounded soldiers.

The Rev. Dr. Lewis J. O'Hern, director of the Catholic chaplains' bureau, delivered an impressive sermon on "The Catholic Church and Its Work Through the Ages."

Special prayers were said for the speedy recovery of Colonel House by the Rev. James L. Gordon and the congregation of the First Congregational Church. Dr. Gordon gave a brief biographical sketch of Colonel House, who is in Paris suffering with influenza.

"War has made men brothers," said Capt. Julius Peyser in speaking to the Washington Hebrew Congregation on the "Problem of Peace." "America, as the world's greatest democracy," said Captain Peyser, "should lead all the nations of the world in assuming a liberal attitude toward all men."

Mental readjustment was urged by the speaker as an essential to physical reconstruction.

The Rev. J. T. B. Smith, of Chicago, manager of the preachers' pension fund in the Methodist Episcopal Church, made an earnest plea at Foundry M. E. Church for support of the fund. The Rev. Dr. Lucien Clark presided and spoke in support of the effort to care for retired ministers.

He said that the average salary of the Protestant preacher is barely \$1,000.

The seventy-fifth anniversary of Ryland M. E. Church, Tenth and D streets southwest, was observed with special rallies at all services. Tonight a reunion of former pastors of the church will be held.

One golden star gleams in a constellation of ninety-nine stars, the number of young men gone into the service from the Ninth Street Christian Church. The golden star was placed there last night in honor of Corp. Maurice B. Snyder, son of Mr. and Mrs. B. A. Snyder, 1244 P street northeast, who was killed in France October 9.

"Duties and Visions as Applied to Masonry" was the text of the sermon by the Rev. Dr. Meade Bolton MacBryde at Grace Episcopal Church in honor of three Masonic lodges last night. Representatives of the Dawson, Centennial, and Myron M. Parker lodges were present.

FOE FATIGUES UP YANK PRISONERS

STRAZBURG, Nov. 25.—The lost provinces of Alsace and Lorraine are again wholly French, through the formal occupation of their capital today by French troops. The population received the pollux with great enthusiasm.

Evidence was obtained today that the Germans are taking American prisoners to the rear to fatten them up on good food before liberating them, as a result of an investigation by a German prisoners' commission, which is afraid to permit the return of the Yankees in their present emaciated condition. The Americans have been working for months in mines fifteen miles from the front, laboring eleven hours a day without sufficient food or clothing, according to officers who escaped rather than wait for this delayed liberation.

According to these officers, the conditions in the enlisted men's camps and their treatment were atrocious.

Eugene Scroggy, of Des Moines, an aviator of the "gimper squadron," who was wounded and taken prisoner, was liberated from the Karlsruhe prison camp for a day by the Germans, that he might act as their plenipotentiary in arranging the possible sending of prisoners directly across the Rhine instead of through Switzerland. He was accompanied by a British colonel and a French major.

The prisoners are now developing. Scroggy returned tonight to the boche guards, waiting at a Rhine bridge, to keep his parole.

To urge the immediate passage by the Senate of the civil service retirement bill, members of the joint conference committee of the National Federation of Federal Employees will meet tonight.

Members of the committee say that action has been unduly delayed. The civil service retirement bill, known as the McKellar bill, is among the unfinished business of the Senate.

TUESDAY - STORE NEWS OF LANSBURGH & BRO.

Editorial

Would you like to know a SURE way of pleasing friends and relatives with Christmas gifts? Here it is: Give them something they DO NOT need and yet want.

All of us have a lot of secret longings for things we don't feel like buying for ourselves, but which we would be very much pleased to have.

It isn't very hard to find out what these hidden wants are. Go down street with the person for whom you are buying and note the store windows they spend most time studying and admiring and talking about. Ten to one, the thing displayed in that window is IT.

Personally, we could stand in front of a book store window all day and look at the volumes displayed therein. But we don't buy many books, because of the nearness and convenience of the library.
